Synchronous lesson Plan 1

EVALUATION SCHEME

Rating Scale — 1) Unsatisfactory 2) Average 3) Satisfactory 4) Good 5) Excellent

Steps of the Lesson	Criteria	1	2	3	4	5
Digital Lesson Plan	Digital Lesson Plan: Complete, clear and well-structured with digital tools			/		
	Learning Objectives: Clearly stated, measurable and aligned with the topic			/		
	Content Accuracy & Relevance: Correct up to date and aligned with the school curriculum			/		
Introduction	Introduction innovative and engaging			/		
	Statement of Aim: Clear and relevant (primarily for synchronous mode)			/		
Presentation and Incorporation of Digital Skills	Presentation Clarity: Logical flow, coherence of ideas and fluency of narration			/		
	Use of Digital Tools: Effective use of PPT/Canva/Prezi videos/animations etc.			/		
	Interactive Elements: Effective use of polls/quizzes/chat/assignments			/		
	Questioning Skills/Prompts: Clear, concise, thought-provoking questions for engagement				/	
	Reinforcement Strategies: Encouraging and summarizing key points				/	
	Digital Platform Selection: Appropriate choice of platform Zoom, Google Meet, Teams, Google Classroom, You Tube LMS etc.				/	
	Platform Management: Competence in managing live sessions or asynchronous lesson sharing, including screen sharing uploading				/	
	Use of Multimedia & Learning Resources: Effective integration of images, videos charts etc.				/	
	Virtual/Digital Classroom Management: Maintaining learner engagement, attention				/	
	Communication Skills: Effective				/	
Overall Performance	Technical Quality & Readiness: Smooth operation of platform, editing quality (asynchronous) and readiness of tools				/	
	Professionalism & Digital Etiquette: Appropriate attire, respectful language and ethical use of digital tools				/	
	Adaptability: Lesson accommodates diverse learner needs and contexts				/	
	Time Management: Lesson delivered effectively within 10-15 minutes				/	
	Overall impression: Creativity, confidence, instructional effectiveness and impact				/	

72/100

आत्मचिंतन

[Reflection]

या प्रकल्पान्वया अभ्यासानून मला डिजिटल अध्यापन कौशल्यांचे महत्त्व सखोलपणे समजले. आजच्या तंत्रज्ञानप्रधान युगात शिक्षकाची भूमिका केवळ माहिती देणाऱ्याची नसून मार्गदर्शक व सुलभकर्ता अशी आहे, हे स्पष्ट झाले. डिजिटल साधनांच्या वापरामुळे अध्यापन अधिक परिणामकारक, आकर्षक व विद्यार्थी-केंद्रित बनते.

या प्रकल्पाद्वारे मला विविध डिजिटल साधने, ऑनलाइन प्लॅटफॉर्म, शैक्षणिक ॲप्स तसेच ई-मूल्यमापन पद्धती यांची माहिती मिळाली. अध्यापन करताना योग्य डिजिटल साधनांची निवड, नियोजन व उद्दिष्टपूर्तीसाठी त्यांचा वापर करणे किती आवश्यक आहे, याची जाणीव झाली.

एक भावी शिक्षक म्हणून, या प्रकल्पामुळे माझ्या डिजिटल साक्षरता, आत्मविश्वास व नवीनपद्धतीतून दृष्टिकोन विकसित झाला असून भाविष्यात अध्यापन करताना डिजिटल अध्यापन कौशल्यांचा प्रभावी वापर करण्याची प्रेरणा मिळाली आहे.
